RSB GStreamer Integration	RSB GStreamer Integration																								
Think about current lifecycle																									
More than two channels cannot be processed																									
Expose RSB configuration options as GObject (...)																									
Support at least one additional YUV color (...)																									
rsbvideosink in conjunction with plugin tee (...)																									
Create a manual																									
Fails on ambiguous .rst.vision.Image converter (...)																									
Enable zeroes output of rsbaudiosrc for pauses (...)																									
create timestamps in videosink are wrong																									
Robotics Service Bus - rsb-1.0	Robotics Service Bus -rsb-1.0 16%																								
Port to GStreamer 1.x	In Progress 90%
