07/12/2012 10:28 AM - Anonymous

Status:	Resolved	Start date:	07/12/2012
Priority:	Normal	Due date:	
Assignee:	J. Moringen	% Done:	100%
Category:	Documentation	Estimated time:	0.00 hour
Target version:	rsb-0.7		

Description

It is not clear in which connection both parts of code are.
The first part works for it self, the second part creates the following error report.

```
File "/home/nao/workspace/Test/src/root/nested/RSBchat.py", line 1
  (in-package :chat)
  ^
SyntaxError: invalid syntax
```

Can you please paste your RSBchat.py here to see the code you used.

#2 - 07/12/2012 10:53 AM - Anonymous

- File RSBchat.py added

That should it be.

#3 - 12/06/2012 10:09 PM - J. Moringen

- Status changed from New to Resolved
- Assignee set to J. Moringen
- Target version set to rsb-0.7
- % Done changed from 0 to 100

For the current rsb-manual, the potential for confusing the programming languages, in which examples are written, should be minimal.
