NemoMath - Bug #1381
Build breaks on Windows

01/31/2013 06:30 PM - Anonymous

Status:	Resolved		**Start date:**	01/31/2013
Priority:	High		**Due date:**	
Assignee:			**% Done:**	100%
Category:			**Estimated time:**	1.00 hour
Target version:	NemoMath 0.4			

Description

Using pkgconfig to find eigen3, as introduced recently, broke compilation of nemomath on windows. Also eigen3 was introduced to be default, which should be just a workaround (since we need eigen2-support in this case).

Associated revisions

Revision 269 - 01/31/2013 06:32 PM - anordman

Kicked pkgconfig and made eigen2 default

- Using pkg-config as introduced recently, breaks windows-compatibility
- Using cmake macros instead of pkgconfig mechanism now, to find eigen
- Default for Nemomath is now Eigen2 by checking this first
- Adapted debian package config to be able to work with eigen2 oder eigen3
