

RSBag - Bug #1409

Seeking with remote control interface does not work

02/12/2013 09:20 PM - J. Wienke

Status:	Resolved	Start date:	02/12/2013
Priority:	Normal	Due date:	
Assignee:	J. Moringen	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	rsb-0.7		
Description			
<p>I am using the remote control interface over the socket transport for replaying a bag file. It seems that the seek method does not work. In python I use</p> <pre>controlServer.seek.async(0).get(5)</pre> <p>but after issuing an</p> <pre>controlServer.emitandnext.async().get(5)</pre> <p>I always receive a different event. So it seems that I am constantly progressing in the tide file and not seeking back to zero position. I am also not receiving an error in the seek method.</p>			

History

#1 - 02/12/2013 09:33 PM - J. Moringen

- Status changed from New to In Progress

Trying to reproduce.

#2 - 02/12/2013 09:38 PM - J. Moringen

- Status changed from In Progress to Feedback

- Assignee set to J. Moringen

I cannot reproduce (with master). Can you provide the log file in question?

#3 - 02/12/2013 09:54 PM - J. Moringen

Please provide the output of bag-play --version as well.

#4 - 02/12/2013 10:01 PM - J. Moringen

Also, does this only happen for backwards seeks?

#5 - 02/15/2013 08:25 PM - J. Moringen

@Johannes: did you verify that the problem was caused by using an old version?

#6 - 02/19/2013 11:08 AM - J. Wienke

- *Status changed from Feedback to Resolved*

This was fixed with an update of the 0.7 version.
