

Robotics Systems Commons - Feature #1413

Provide command-line based option parsing

02/14/2013 09:27 AM - J. Wienke

Status:	Resolved	Start date:	02/14/2013
Priority:	Normal	Due date:	
Assignee:	J. Wienke	% Done:	100%
Category:	Configuration	Estimated time:	0.00 hour
Target version:	rsb-0.9		
Description			
In addition to the existing config file and environment-based config parsers, also provide option handling using the command line.			

Associated revisions

Revision 3c7149c4 - 02/14/2013 01:15 PM - J. Wienke

Provide command line option handling for the configuration subsystem.

Options are parsed from the command line in the least intrusive manner using flags (e.g. -Dfoo=bar as the default flag character). All options not starting with the flag are ignored so that the RSC option handling can be used along other option handling code.

fixes #1413

Merge branch 'feature-1413'

History

#1 - 02/14/2013 09:33 AM - J. Wienke

Before merging this back I first need to fix this job:

<https://ci.cor-lab.org/view/rsc/job/rsc-trunk-windows-merge-simulator/>

Otherwise I don't know whether everything builds on windows.

#2 - 02/14/2013 01:21 PM - J. Wienke
