

NemoMath - Feature #1495

Provide Collection Interfaces for Matrices' rows and columns

05/10/2013 07:16 AM - M. Rolf

Status:	New	Start date:	05/10/2013
Priority:	Normal	Due date:	
Assignee:	M. Rolf	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	NemoMath 0.5		
Description			
<p>This would allow a neat approach for col-/row-wise manipulations, but also a nice abstraction for "data-matrices" with data stored per row/col. E.g. some client that needs multiple data could receive either a matrix-column-collection, or a timeseries-entry-collection, or whatever</p>
