

Compliant Control Architecture - Feature #1508

Support tracing of events

05/24/2013 03:57 PM - Anonymous

Status:	New	Start date:	05/24/2013
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	cca0.5		
Description			
Support tracing of events, e.g. through a pipeline of CCA components for profiling.			
Using RSB as middleware, we could use RSB causal vectors: http://docs.cor-lab.org/rsb-manual/trunk/html/glossary.html#term-causal-vector
