

Robotics Systems Types - Bug #1699

git checkout does not work as described in the manual

12/20/2013 09:44 AM - C. Dreyer

Status:	Resolved	Start date:	12/20/2013
Priority:	Normal	Due date:	
Assignee:	J. Wienke	% Done:	100%
Category:	documentation	Estimated time:	0.00 hour
Target version:	rsb-0.10		

Description

in the Docu it says

```
git clone -b 0.10 https://code.cor-lab.org/git/rst.git rst-proto
git checkout -b 0.10-YOUR-PROJECT
```

The second line will result in an error message: fatal: Not a git repository ...

Unless I switch to the rst-proto directory created by the cloning before entering the checkout command.
