Revision c6731838 - 05/12/2014 06:49 PM - J. Wienke

Terminate monitoring thread if PID disappears

In case the root PID of a monitoring thread disappears, terminate the thread as no more useful operation is possible in most cases (despite some zombie subprocesses). This has the consequence that in case all monitored PIDs disappear, the process-monitor will terminate automatically.

fixes #1878
