Description

It would be nice if there was an option to disable generating ignore blocks for errors around each build step in the build flow.

Associated revisions

Revision 0edfeb8e - 05/20/2014 05:51 PM - J. Moringen

Added switch for build-flow failure handling in src/commandline-interface/main.lisp

fixes #1884

- src/commandline-interface/main.lisp (configure-distribution): added
    keyword parameter build-flow-ignores-failures?; pass to
    `configure-buildflow-job'
    (configure-distributions): similar
    (update-synopsis): added build-flow-fail commandline option
    (main): process build-flow-fail commandline option; pass to
    `configure-distributions'
