Automated Build Generator - Bug #1916
Referencing a non-existing variable in frestyle shell.command results in no build step

07/15/2014 02:57 PM - J. Wienke

Status:	Rejected		**Start date:**	07/15/2014
Priority:	Normal		**Due date:**	
Assignee:	J. Moringen		**% Done:**	0%
Category:	Processing Model		**Estimated time:**	0.00 hour
Target version:	0.2			

Description

In case you use a non-existing variable inside the shell.command section of freestlye projects, a job is generated but without any build step and no warning is issued.
