History

#1 - 01/16/2015 04:38 PM - J. Moringen

- Status changed from New to Rejected

The style names have been changed prior to the release:

```
object-tree -> object-tree
```

```
monitor -> monitor/object-tree
```

```
events/print -> monitor/events
```

events/publish -> <not available in 0.11>

Use

```
$ rsb-introspectcl0.11 --help-for styles
```

and/or <http://docs.cor-lab.de/rsb-manual/0.11/html/tool-introspect.html> to learn about available styles and style options.
