

RSBag - Feature #2347

Add isopen() and isrecording() methods to remote interface

07/21/2015 04:01 PM - P. Holthaus

Status:	Resolved	Start date:	07/21/2015
Priority:	Normal	Due date:	
Assignee:	J. Moringen	% Done:	100%
Category:	Remote Interface	Estimated time:	0.00 hour
Target version:	rsb-0.13		
Description			
<p>Currently, rsbag has the following remotely accessible methods (when started with the -c flag):</p> <pre>void:start() void:stop() void:open(string) void:close() void:terminate()</pre> <p>In order to determine, whether a file is currently opened or written to, please add the following methods:</p> <pre># return the currently open filename, or null if nothing is open string:isopen() # return if the logger has been started already bool:isstarted()</pre>
