Who feels responsible for this?

#2 - 03/15/2012 09:30 AM - J. Wienke

- Subject changed from Document Installation using Binary Packages to Document Installation using Binary Packages

#3 - 03/15/2012 10:56 AM - J. Moringen

Since I reported this, I should not ask, but

- Does this refer to Debian packages or something else?
- Is [this](#) sufficient?

#4 - 04/19/2012 05:00 PM - J. Wienke

- Status changed from New to Resolved
- Target version set to rsb-0.7

This really looks sufficient. I declare this is resolved ;)
