### History

#### #1 - 06/12/2011 05:41 PM - S. Wrede

At <http://msgpack.org/> there are some examples of qualitative criteria (RPC Feature Comparision) together with a definition of each criterion in the wiki. Some of these might be subjective, but still it is an example of "a" comparison.

#### #2 - 06/12/2011 07:24 PM - J. Moringen

Criteria from <http://msgpack.org/> have been partially integrated.

Ingo's and Sebastian's emails have illustrated that it has to be checked which statements can/should actually be defended.

Obsolete since comparison against other middlewares is no longer the preferred strategy.
