##### Revision 71ce2bdc - 08/30/2011 01:49 AM - J. Moringen

Fixed missing timeout parameter in DataFuture in rsb/patterns/future.py  
fixes #525

- rsb/patterns/future.py: in Future.get, only raise the TimeoutError, if the result did arrive in the meantime; added timeout keyword parameter to DataFutre.get
- examples/client.py: demonstrate synchronous and asynchronous method calls separately; use a timeout in the asynchronous case; changed name of called method to "echo" which is more appropriate
- examples/server.py: use different method names in differently constructed servers; added some comments explaining the different kinds of server construction methods
