Robotics Service Bus - Enhancement #544
Check usage and reduce number of dynamic casts

09/05/2011 11:31 AM - S. Wrede

Target version:				

Description

In a recent callgrind analysis and an example implementing a minimal roundtrip example, a significant portion of the relevant time was spent on dynamic casts. Probably, these are introduced if other optimizations are applied (e.g. wrt to the Scope management).
