

NemoMath - Enhancement #774

Provide SlidingWindow implementation

12/16/2011 02:02 PM - Anonymous

Status:	New	Start date:	12/16/2011
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	NemoMath 0.5		

Description

Provide implementation of a sliding window, which is a TimeSeries with

- a defined number of elements *or*
- a defined duration

Features:

- On inserting/appending: Remove old elements as soon as duration / number of elements is too large.
- Handle on-the-fly resizing of the window.
