

## Robotics Service Bus - Feature #809

### RSB.m ImageQueue could return whole Image, not only data

01/19/2012 08:17 PM - Ši. Fojtů

<b>Status:</b>	Closed	<b>Start date:</b>	01/19/2012

<b>Target version:</b>			
<b>Description</b>			
<p>Current version of ImageQueue.java (rev. 3116) returns raw image data. I suggest to return the whole Image (with all the image info, such as width, height, etc.). The mapping script needs all the image info.</p> <p>Attached is a patch to ImageQueue.java.</p>			

#### History

---

##### #1 - 01/20/2012 10:49 AM - J. Wienke

Maybe just a second method parallel to take? Can you implement this as required for you?

##### #2 - 01/20/2012 10:51 AM - J. Wienke

Having a second method would keep the existing functionality for others.

##### #3 - 01/20/2012 11:23 AM - Ši. Fojtů

- Status changed from New to Closed

I have added a method takeImage(int ms) that returns the whole Image.
