

Robotics Service Bus - Enhancement #921

logger and friends should create symlinks automatically

03/02/2012 08:13 PM - J. Moringen

Status:	Resolved	Start date:	02/29/2012
Priority:	Normal	Due date:	
Assignee:	J. Moringen	% Done:	100%
Category:	Common Lisp Tools	Estimated time:	0.00 hour
Target version:	rsb-0.7		
Description			
The installation instructions in the RSB manual explain how to download the tools binary and create appropriate symlinks.			
However, the tools binary should offer to create these symlinks itself.			

Associated revisions

Revision ef9eeadf - 03/11/2012 04:07 PM - J. Moringen

Explain symlink creation in manual/preparation.rst

refs #921

- manual/preparation.rst: extended explanation of symbolic link creation; describe new interactive and non-interactive symbolic link creation

Revision 1576fb16 - 03/11/2012 04:31 PM - J. Moringen

Added automatic creation of symlinks in main/main.lisp

fixes #921

- main/main.lisp (main): improved help text; accept create-links commandline option; ask interactively whether links should be created
(%maybe-create-link): new function; helper function for creating a symbolic link if necessary
(%maybe-create-links): new function; helper function for creating symbolic links for entry points as necessary

Revision 0d80d1db - 03/11/2012 04:31 PM - J. Moringen

Fixed binary name in main/main.lisp

refs #921

- main/main.lisp (main): fixed binary name

Revision 9491753f - 03/11/2012 10:02 PM - J. Moringen

merged automatic symlink creation from trunk (r3437, r3439, r3440) refs #921

Revision 7d8c15c8 - 03/11/2012 10:02 PM - J. Moringen

merged automatic symlink creation from trunk (r3437, r3439, r3440) refs #921
