

NemoMath - Issues

| # | Tracker | Status | Priority | Subject | Assignee | Updated | Category | % Done |
|------|-------------|----------|----------|--|-------------|---------------------|----------|--------|
| 1375 | Enhancement | Resolved | Normal | Add default typedef for integer vectors | | 01/30/2013 05:54 PM | | 100 |
| 949 | Enhancement | Resolved | Normal | Initialization of Vector with dim and gen | M. Rolf | 03/27/2012 03:41 PM | | 100 |
| 706 | Enhancement | Resolved | Normal | Improve Memory Layout and Allocation of MathVector | M. Rolf | 01/15/2013 05:15 PM | | 100 |
| 650 | Enhancement | Closed | Normal | Configure .deb package installation on repository server | M. Goetting | 10/20/2011 11:49 AM | | 100 |
| 623 | Enhancement | Closed | Low | Allow inversion rules inside MathVector<T> | M. Rolf | 02/05/2013 02:40 PM | | 0 |
| 622 | Enhancement | Resolved | Normal | Allow MathVector::Cwise constants for use in Mappings | M. Rolf | 12/08/2011 01:55 PM | | 100 |
| 618 | Enhancement | Rejected | Normal | Make configuration of USE_CPP_0X depending on GCC version? | | 11/10/2011 02:41 PM | | 0 |
| 414 | Enhancement | Resolved | Normal | Introduce dimension object for MathVector | M. Rolf | 09/20/2011 04:23 PM | | 100 |
